Profession reference for Neda Mokarami Ghartavol,

TO WHOM IT MAY CONCERN

It is my honor to give this letter of reference to Neda Mokarami who worked at Kamja Choob company as a freelance designer from October 2018 to June 2019.

Neda has researched the portfolio vacancy of our products and developed it by designing two family groups of furniture based on market requirements with titles Zenita and Karma. Also, she was in charge of supervising product prototyping at the factory. We are proud to say, today the Karma set which she designed, reached the highest rate of sales among our products in the market.

She has shown exceptional communication, leadership and problem-solving skills. She is a hardworking and responsible person, and she has an excellent sense of design and creative mind. Moreover, she has a specific talent to find the hidden needs of customers with her creative and analytical mind and has a great ability to improve conditions of selling a company. Additionally, we find her disciplined in meeting deadlines in project management.

I would highly recommend Neda and believe that she would be a valuable asset for any university graduate program due to the mentioned skills. She is an intelligent and passionate person, and I can see great potential for her as a successful student.

Please do not hesitate to contact me, if you would like any more information.

Kind regards,

A handwritten signature in black ink, appearing to read 'Alireza Mohseni', written over a horizontal line.

Alireza Mohseni
CEO of Kamja Choob Company
